ACENDA/ATLANTIC CITY ELECTRIC COMMUNITY HEALTHY EQUITY AND ENERGY CHALLENGE CONTEST

Criteria: The contest's primary goal is to engage youth and young adults to design a poster, video, or essay of no more than 500 words based on educating, strategies, and outreach programs to address the significantly higher disparities in energy consumption within low-income communities. These disparities contribute to unnecessarily higher utility costs and higher respiratory and cardiac illness incidences. The "Health Equity and Energy Challenge" will invite high school seniors and college students in Cumberland, Gloucester, and Salem Counties to compete to win a 1st place prize of \$750 or 2nd place prize of \$350. There will be two awards per county for a total of 6 potential youth prize winners. Youth will be allowed to compete individually or as a duo, but only one cash prize will be given per level."
