

NAVIANCE/FAMILY CONNECTION LOG IN INSTRUCTIONS

How do I log on?

- Go to **WDHS** home page
- Click on **Student Links**
- Click on **Naviance/Family Connection**
- Returning users must simply enter the **USERNAME** and **PASSWORD** you were assigned. **(this is the same as your power school id and password)**
- Once you are logged in you can check your **inbox** for important new messages from your guidance counselor/office. These messages contain important information regarding college visits, SAT/ACT registration deadlines and announcements.

Where do I start?

- A great place to start the college process is on Family Connection under the **“College”** tab.
- Click **College Search** and narrow down the matches by type, location, students, admissions, athletics, majors, costs and special programs.
- Once this is complete you will be able to view schools that match everything you are looking for.
- Review your matches by looking at the specific web-sites, contacting the admission offices and visiting the school you are thinking about applying to!
- Remember that various **college admissions representatives** will be visiting WDHS in the fall.
